

**Town Board Meeting
September 23, 2019
6:30 p.m.**

Present: Councilor Badami, Councilor Coville, Councilor McCormack, Councilor Tucker, Attorney Rhinehardt.

Absent: Supervisor Aaron

Also, Present: Sue Murphy, Bridgett Winkelman, Dana Pickering, Jason Gabak (Skaneateles Press), Martin Dillon, Courtney Alexander, Karen Barkdull, Chris Legg, Doug Hamlin, Jill Marshall, Ed Frank, Susan Scheureman, Chris Buff, Brian Buff, Dick Eldredge, Dan Kwasnowski, Deb Durr, Hunter Nitsch, Lisa Nitsch, Ralph Demas, Julie Abbott-Kenan (Onondaga County Legislator), Guy Donahoe.

Resolution #19-168

Councilor Badami stated Supervisor Aaron was unable to attend tonight's meeting due to illness and Deputy Supervisor Greenfield also was unable to attend due to a conflicting meeting, therefore the Board would have to make a motion to select a Board member to run this evenings meeting.

On a motion of Councilor Coville, seconded by Councilor McCormack and with unanimous (4-0) affirmation of the Town Board, the Board authorized Councilor Badami to chair the September 23rd Town Board meeting due to the absence of Town Supervisor Aaron and Deputy Supervisor Greenfield.

Department Reports

Highway, Water, Transfer Station: Councilor Badami stated Highway Superintendent Wellington was on vacation and there was no report. Highway Foreman Brian Buff stated the departments were running smooth in his absence and it was business as usual.

Parks: Sue Murphy reported she had met with the Board to review the Parks 2020 budget. The annual SPCA event and the Crop Walk will be held at Austin Park in the next few weeks. She stated the Highway Department is continuing to work on the drainage pipes at the Jordan Street fields. The Nursery School is up and running. She stated there is a meeting scheduled with the architect and the contractor regarding the Sims building. The project was delayed due to the availability of the siding, it should be completed in the next few weeks with the final landscaping and finishes to be done next spring.

Constable Report: Councilor Coville stated he would review Constable Morris's report and update the Board.

Skaneateles Fire Department: Dana Pickering reviewed the August Chief's report stating there had been 47 calls during August bringing the total to 254 for the year. He reviewed the members

hours for the month including training and drills. He reported that the new Engine 11 had been delivered and they are working on getting it ready to be put into service. He reported the Departments annual Casino Night and High Stakes Drawing is Saturday, September 28th.

Councilor Badami asked what truck is Engine 11? Dana Pickering stated it is replacing the old Engine 11. Councilor Tucker asked where the new engine will be stationed. Mr. Pickering said it will be at the main station on Genesee Street.

*report attached

Resolution #19-169

Minutes of September 9, 2019: On a motion of Councilor Tucker, seconded by Councilor McCormack, and with a (4-0) affirmation of the Town Board the minutes of September 9, 2019 were accepted as presented.

Resolution #19-170

Hamlet Committee Update – Dan Kwasnowski, SOCPA: Councilor Badami introduced Dick Eldredge, Chairman of the Town’s Hamlet Committee. Mr. Eldredge reported the committee had been meeting for about a year. During this time committee member Guy Donahoe suggested they contact the Onondaga County Planning Agency for some guidance. The committee contacted the Planning Agency and the committee connected with the Director of the Syracuse Onondaga County Planning Agency (SOCPA) Dan Kwasnowski. Mr. Eldredge stated Dan Kwasnowski was here this evening to present the planning opportunities available from Onondaga County to help with the path of the Hamlet Committee.

Mr. Eldredge also stated the committee would like the Board to consider approving the “Mission Statement” the Hamlet Committee had created.

Committee member Deb Durr read the following mission statement:

“To elevate the identity of Skaneateles’ Hamlets and their role in the historical, physical, cultural and potential fabric of the Town. Engage with each Community in localized planning that is reflective of goals detailed in the Comprehensive Plan. Recommend solutions that maximize Individual and Town wide opportunities for a sustainable and healthy community.”

On a motion of Councilor Tucker, seconded by Councilor Coville and with unanimous (4-0) affirmation of the Town Board, the Board approved the Town of Skaneateles Hamlet Committee’s Mission Statement as presented.

Mr. Eldredge also stated the Committee would like to schedule a Hamlet Committee meeting on October 29th at the Mottville Fire Hall, contingent on the Fire Department availability, with the community to keep everyone informed and have the community give their ideas and feed back of what they would like to see for future planning in the Mottville and Skaneateles Fall Hamlets. Dan Kwasnowski will be there to make a presentation regarding the County Planning Agency

opportunities to help with the planning process and the grant funding that is available. He will also be seeking community feed back and ideas to be part of the planning process.

Mr. Eldredge stated the committee has focused on the northern sections of the Town. This is what is in the Comprehensive Plan. The Comprehensive Plan encourages development north of the Village. Councilor Badami and the Board agreed.

Mr. Eldredge introduced Dan Kwasnowski, Director of Syracuse Onondaga County Planning Agency. Mr. Kwasnowski thanked the Board for their time and reviewed his position at the County and his qualifications. He stated he is a Director at the Syracuse Onondaga County Planning Agency and their various divisions. He has been a planner for 20 years, he lives in Marcellus. He was a Town Planner for the Town of Dryden. When he was at the Town of Dryden he headed a Hamlet Redevelopment Committee. They worked on and produced a plan for an area in Dryden next to Cornell University. He had done work in Cazenovia also. Mr. Kwasnowski said small redevelopment planning is what he loves to do and to work within his community.

Mr. Kwasnowski reviewed some of the options for small redevelopment planning with Onondaga County's program. He stated the County would like to help the Town of Skaneateles and the Hamlet Committee with their development and planning in the Hamlets of the Town. The County is offering a matching grant program for all Town within Onondaga County for this type of planning and would like the Board to consider applying for this opportunity.

Mr. Kwasnowski reviewed what the funding and the County Planning Agency would assist with:

Hamlet or Area Planning

Hamlet, or "Area" planning, is planning that focuses on a specific area with the intention of a detailed approach to development. Generally speaking, this type of planning utilizes the ability to engage in much more intense participation from residents, landowners, the development community, employers, and local government stakeholders to formulate a common vision for future development. This is done with a planning process that discovers and defines constraints along the way. The result is often a very implementable plan for both local government and developers, with a high degree of performance certainty for local residents.

The Proposed Meeting on October 29 in Mottville

The proposed presentation on October 29 will present local examples of area and hamlet planning with varying degrees of success. And the meeting will include a discussion with local residents about both concerns and optimism for the planning process. The intent is to engage early and lay the groundwork for a successful planning process.

Draft Generic Scope of Work for Hamlet Planning

Below is a draft scope of work to demonstrate the planning process. This would be used in a more developed Request for Qualifications to hire a consultant. This is highly subject to refinement as a project takes shape.

The Town and Village of Skaneateles is a well-known tourist destination for seasonal visitors to the lake, the many events held in the Village parks, as well as the seasonal street theatre during the holiday season. Hamlets in the town along Jordan Road north of the village quietly include jobs, housing and a different environment away from the busy village. These hamlets originated around mills along Skaneateles Creek, some of which are still discernable along the creek and others which have new facilities built over or near the old. This corridor along Jordan Road includes the Hamlets of Mottville, and Skaneateles Falls and Willow Glen. Because of the hamlets relative proximity to employers and the Village of Skaneateles as well as the Village of Elbridge to the north and the City of Auburn to the west, it has been recognized as a potential area of development in the Town of Skaneateles. This area is also outside of the Skaneateles Lake watershed. A proposed strategy to protect the lake's water quality is to promote growth and development outside of the watershed to preserve the lake as an unfiltered drinking water source.

In the joint Town and Village Comprehensive Plan, Goal 3. is to

“Encourage growth and investment in the northern hamlets (Skaneateles Falls, Mottville and Willow Glen) in the form of mixed use and walkable communities.”

The plan describes four objectives toward fulfilling this goal (summarized here):

1. Attract “clean” industry and other compatible businesses.
2. Encourage development of Town water and sewer infrastructure in and adjacent to the northern hamlets to support targeted economic development.
3. Encourage incremental mixed-use traditional neighborhood growth with a diversity of uses and housing types, especially those that serve young families and senior citizens.
4. Support sustainable building initiatives, renewable energy utilization, and environmentally friendly industrial and agricultural practices and development.

With this goal, the inclusion of current residents and landowners is stressed. Development and other proposals to date have sometimes met with resistance from the local community.

The Comprehensive Plan's Goal 3 and objectives including the need for local public inclusion point toward a coordinated planning effort with a strong commitment to community engagement. The planning scope of work below reflects this need, and is intended to both communicate the intent of a northern hamlets plan to the public, as well as serve as a template for a Request for Qualifications.

This general scope of work is intended to act as a beginning framework to initially communicate the planning process to local government leaders, stakeholders and the general public. After refining, the intent is to use it to prepare a Request for Qualifications from consulting firms who

will use the scope to create a more detailed work plan and timeline with specific activities and milestones.

General Scope of Work

Public Engagement Approach and Strategy– Define desired character and community vision by performing the following types of activities:

- Charrette: layout, visual preference
- Resident Outreach
- Property Owner Outreach
- Business Owner Outreach
- Advisory Committee

Evaluate Constraints – Define the limits of development based on the following known constraints:

Environmental Constraints

- Soils/Wetlands
- Floodplains
- Slope
- Agricultural Resources

Infrastructure:

Water and Sewer

- Electric
- IT
- Transportation/Bicycle and Pedestrian Facilities

Market :

- Employment Centers
- Housing Needs/Demand

Synthesis – Develop a master plan with build out based upon desired character, constraints as well as the impact of infrastructure investment.

- Master Plan: Visual build-out.
- Investment: Demonstrate impact of infrastructure investment on character, development potential amenities and match with market demand.
- Amenity Development: Develop strategy to implement amenities and mitigation measures necessary to implement the plan.
- Land Use Regulations: Develop “sketch” regulatory changes to implement master plan.

Mr. Kwasnowski stressed the importance of the community’s involvement. He stated it is very important to get the ideas and concerns of the community to have these plans work. It would be

his job to work with the community and gather their ideas and concerns. So, we are all on the same page.

Committee member, Ed Frank, stated what Mr. Kwasnowski is proposing would only give us the tools to learn about the redevelopment process not actual implementation.

Councilor Badami stated the committee and Mr. Kwasnowski needed to be aware of the importance of community involvement. This should be first and foremost. We want to make sure the community is involved in the whole process.

Mr. Kwasnowski stated this gives the community the venue to be a part of the process.

County Legislator, Julie Abbott-Kenan spoke and said there is money that we all pay as County taxpayers and this money should come back to our communities in positive ways. She stated there is zero desire to tell any community what to do, we want to help. All the Towns and Villages in the County are different, and we need to respect what the communities want. County Legislator Abbott-Kenan said she and hopefully County Executive Ryan McMahon would be attending the October 29th meeting.

Budget Officer Winkelman asked what the percentage of match the county would require for this funding. October 29th is late in our budget planning for 2020. Could the Town get a figure sooner for budgeting purposes? Dan Kwasnowski said yes, he could get that information in the next few days. Councilor Badami asked, historically what has been the percentage of the matching funds. Mr. Kwasnowski stated typically it would be a 50/50 match, but County Executive McMahon would like to give more. County Executive McMahon will be attending the October 29th meeting to help explain the grant process.

Dick Eldredge stated the Committee would like to mail out postcards to the residents of Mottville and Skaneateles Falls regarding the October 29th meeting. He asked the Board if it was possibly for the Town to pay for the mailing? Budget Officer Winkelman said it would not be a large expense for the mailing and it could come out of the Town Board's budget if the Board agrees. The Board agreed to pay for the mailing and also requested the Town Clerk to post it on the Town of Skaneateles website and calendar.

Councilor Badami thanked Dan Kwasnowski, Dick Eldredge and the Hamlet Committee for their presentation and stated he was looking forward to the October 29th Community Hamlet Meeting at the Mottville Fire Hall.

Resolution #19-171

Swap Shop Update: Councilor Badami reported to the Board that the Swap Shop Committee had met again and after the positive feed- back from the residents they have decided to reopen the Swap Shop at the Transfer Station for a trial day. It will be open Saturday, October 5th, 9:00a.m. – 2:30 p.m. It will be overseen by volunteers.

He stated after the trial day the committee will meet and give a report to the Town Board and at that time the Board will review how it went and decide if they will reopen the Swap Shop on a temporary basis with the help of volunteers.

Resolution #19-172

Town Assessor Appointment: Councilor Badami reported to the Board that Michael Maxwell's term as Town Assessor was expiring on September 30, 2019. The Board needed to make an appointment to this position. It is a 6-year appointment as mandated by New York State Real Property. He stated he recommended the reappointment of Michael Maxwell. The Board agreed. He also stated Supervisor Aaron wanted to express her support for Mr. Maxwell's reappointment in her absence. The Board agreed.

Councilor Tucker made a motion seconded by Councilor McCormack and with unanimous affirmation (4-0) of the Board to reappoint Michael Maxwell to the position of part time Assessor to a six- year term effective October 1, 2019 to September 30, 2025 at the current a salary of \$44,000 per year.

Resolution #19-173

Amend Contract with F.J. Estlinbaum to add the Additional Concrete Slabs for \$3,950: Councilor Badami explained to the Board there is an amendment needed to be made to the contract with F.J. Estlinbaum to add 4 additional 8'x10' concrete slabs.

Sue Murphy stated when she spoke to Mr. Estlinbaum he said when they began the project they discovered there were additional slabs that needed to be replaced. Since they have started the repairs and have the required permits, they would like to replace these additional slabs for a cost of \$3,950.

On a motion of Councilor McCormack, seconded by Councilor Tucker and with unanimous (3-0) affirmation of the Town Board, Councilor Coville abstained, the contract with F.J. Estlinbaum, LLC was amended to include the replacement of 4 additional 8'x10' concrete slabs at the Town of Skaneateles Boat Launch for a cost not to exceed \$3,950.

Announcements/Correspondence/Updates

- *Letter from Edie North, County Line Road:* Councilor Badami read Edie North's letter regarding the intersection at County Line, Franklin and Old Seneca Turnpike and the safety of that intersection. Councilor Badami asked the Town Clerk to forward this letter to the New York State Department of Transportation.
- *Letter from Carol DiSalvo, West Genesee Street:* Councilor Badami read the letter from Carol DiSalvo, 866 West Genesee Street, Skaneateles regarding the truck traffic on Genesee Street. Councilor Badami asked the Town Clerk to forward this letter to the New York State Department of Transportation.
- *Letter from Krista Reichard - Trucks:* Councilor Badami read the letter from Krista Reichard regarding truck traffic in Skaneateles. She was vacationing here and was not happy with the trucks. Councilor Badami asked the Town Clerk to forward the letter to the Village and let Ms. Reichard know to contact the Village if needed.

- *Household Hazardous Waste Day – October 5th 9:00 a.m. – Noon:* Councilor Badami announced there would be a Household Hazardous Waste day at the Transfer Station on October 5th from 9:00a.m. to noon.
- *Special Meeting – 2020 Tentative Budget October 3, 2019 at 9:00 a.m.:* Councilor Badami announced there would be a special Town Board meeting on October 3rd at 9:00a.m. to accept the 2020 Tentative Budget.
- *Septic System and Well Water Workshop-Thursday September 26th at the United Methodist Church and the Septic System Replacement Program:* Councilor Badami stated there would be a Well Water Workshop on September 26th at the Skaneateles United Methodist Church sponsored by Cornell Cooperative Extension and Onondaga County. There is also a link on the Town of Skaneateles website regarding the Septic System Replacement Program offered in New York State.
- *Parks Labor Crew Leader Full-Time Position:* Councilor Badami announce the Town is seeking applicants for a full-time Parks Labor Crew Leader. The position will be advertised in The Press and on the Town of Skaneateles website. Interested applicants can contact Sue Murphy at the Parks Department.

Public Comment: Chris Legg stated he had spoken to Maggie Baum of School Street regarding the clean up of the Gallagher property and she was very pleased with the improvement and thanked the Board and the Codes Office for getting this taken care of.

Resolution #19-174

Budget Amendments: On a motion of Councilor Coville, seconded by Councilor Tucker and with unanimous (4-0) affirmation of the Town Board the following budget amendments were authorized for the abstract #19-18:

General Fund

\$ 20.00	Increase	085101.01.001.00	Comm. Beautification P/S
\$ 20.00	Decrease	085104.01.004.00	Comm. Beautification C/E

Cost of employees doing maintenance at Conservation area

Part Town

\$ 1,970.00	Increase	0019894.02.004.00	Other Govt. Support – C/E
\$ 1,970.00	Decrease	0000909.02.000.00	Fund Balance

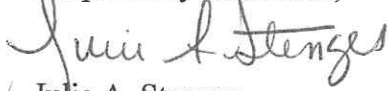

Cost of property maintenance – cost will be charged to taxes

Resolution #19-175

Abstract #19-18: On a motion of Councilor Coville, seconded by Councilor Tucker and with unanimous (4-0) affirmation of the Town Board vouchers #19-1239 to 19-1326 were authorized from the following funds:

General Fund:	\$ 70,488.32	Part Town:	\$ 7,026.99
Highway:	\$ 6,652.15	Water:	\$26,773.48
Highway PT	\$ 98,997.43	Sewer:	\$ 33.38
T & A	\$ 3,726.86	Limeledge Water	\$ 12,053.21
TOTAL:	\$121,952.01		

Respectfully Submitted,

Julie A. Stenger
